

NOW OFFERING LIVE VIRTUAL ART PARTIES!

By combining our Do-At-Home Art Kits with a live video conference hosted by a Kidcreate teacher your child can have a virtual party with friends and family, even if they have to stay at home!

HOW DOES IT WORK?

Kidcreate will prepare a Do-At-Home Art Kit for each guest. Then, at party time, a Kidcreate teacher will use video conferencing to instruct and interact with your party guests as they create their amazing fridge-worthy masterpieces. Host a party knowing your child and their friends are being inspired, creative and educated.
